Course Description

The Diploma in Education – Secondary combines theories about subject matter, learning and teaching, and other educational theories learnt mostly in the courses taken. The Practicum is a critical aspect of the programme that allows students to put these theories into practice in the classroom.

Course Requirements

Student teachers in practice are expected to:

- Carry out mock/live teaching under expert guidance and supervision. During the session, each student will be supervised and assessed by a supervisor assigned by the University. Each student will carry out a minimum of two teaching lessons per semester (each lasting approximately 30 minutes) in his/her area of specialization.
- Carry out self-assessment and prepare a report on Reflective Teaching
- Produce four (4) additional lesson plans (not the same teaching lesson plans)

Course Evaluation

- Teaching Observation (at least two lessons per semester/term) **60%**

- Daily Lesson Plans - per semester **20%**

- A Report on Reflective Teaching (4 consecutive lessons) **20%**

Total **100%**
